### 307 REDUCE, REUSE, AND RECYCLE/ MRS. GINNS' CLASS

Mrs. Ginn's kindergarteners have created items that are Earth-friendly and practical!

Reduce your carbon footprint by using the 10 wonderful, reusable shopping bags which are actually 20 works of art! Each student in K-2 painted a side of a bag with an environmental theme. Did you know that about 2.5 billion plastic shopping bags are used every year? That's about 2,500 bags used per family per year. You can eliminate your portion by using these bags!!

Show off your bags and cut back your gasoline use by using the sturdy rolling cart to walk to the store or library-every gallon of gas you save not only helps your budget, it also keeps 20 pounds of carbon dioxide out of the atmosphere.

Finally, hang a piece of original art in your home! The K2 Kindergartners created a large weaving out of pieces of clothing and material that were no longer usable. This work is photographed, framed and signed by all the environmental artists in K2. The weaving remains on the fence in the Kindergarten playground adding color and other creatures are using pieces for their nests.

## **BIG BEAR VACATION HOUSE**

Nestled into the trees a short walk from Big Bear Lake, this gorgeous Boulder Bay Retreat is a 3-bedroom, 3-bath architectural masterpiece. The finished home sleeps 8, and maintains the beauty of the natural wooded lot, designed with warm woods, concrete floors and steel trusses. The owners refer to the design as “urban rustic cabin”. The home was featured in the January, 2004 issue of Better Homes and Garden and in the spring, 2006 SD Home. Most importantly, the house works-it functions as a great family and entertainment home, with an oversized fireplace and a gourmet kitchen with all the trimmings (Subzero frig, Viking stove, dishwasher and convection microwave). A full size washer and dryer add to the convenience. The concrete floors are heated with radiant heat that heats the home without drying out the air. The Master Bedroom features an oversized shower with steam. Though the house provides a retreat from the modern world, it is wired for the connection-three TV’s and DVD players and wireless Internet access. The home is located between the dam and the Village in Boulder Bay. This location places you close to everything. You will be a three-minute walk to the lake- and walking distance to Pleasure Point Marina for boat rentals.

Estimated Value \$1500

## **PARK CITY GETAWAY**

Long before Park City became a world class mountain resort and venue for the 2002 Olympic Winter Games, it was famous as a silver mining town, and boasts a lively and colorful past. Founded by prospectors in the late 1860’s, Park City continued to mine silver until the early 1970’s. The mining company, Park City Consolidated Mines, started the ski business in 1963, when they built the first lifts on what was then called Treasure Mountain. The Park City area now has three world class resorts: Park City Mountain Resort, Deer Valley Resort, and the Canyons Resort. You pick the season for your kind of recreation skiing, hiking, biking, riding, or fishing. And there will be plenty of opportunity to relax and soak up the natural beauty, too, as you enjoy a week’s stay (compliments of Grant parents **Rich and Victoria Brady**) in a 2-bedroom, 2- bath condo on the bus line and within walking distance to the lifts at Park City Mountain Resort.

Estimated Value \$2,500

The dinner will also, include a case of fine wine donated by Steve Frederick of **R&R Wine Marketing, Inc.** This is your opportunity to host a delicious dinner party and not have to do a thing, but to show up.

Estimated Value \$1,800

## **BARONA RESORT AND CASINO-GOLF PACKAGE 1**

Step onto the first tee at the Barona Creek Golf Club, and you quickly realize what lies before you is not a course, but an experience. An intensely challenging, championship course, the 18 holes of the Barona Creek Golf Club traverse over 7,000 yards of painstakingly manicured fairways, treacherous water hazards, and roughs sown with unforgiving native grasses. Over 100 bunkers combine with challenging slopes and strategically placed natural obstacles-such as creeks, oak trees, and boulders-to create an unforgettable golfing experience.

This golf outing can be enjoyed by a foursome at the Barona Creek Golf Club. And after you hit the back nine, you can enjoy a delicious buffet for 4 at the Ranch House.

Estimated Value: \$600

## **BARONA RESORT AND CASINO- GOLF PACKAGE 2**

## **FISHY BUSINESS! / MS. WOLLITZ CLASS**

Get up and personal with marine life at the Birch Aquarium and robotic submarines at NOAA Fisheries. Enjoy a guided tour of the aquarium with your own personal marine biologist and then tour a research engineering lab at Southwest Fisheries Science Center. See the “toys” (for example an autonomous underwater vehicle, and a broad-bandwidth multi-scattering hyperbaric test tank) that fisheries scientists use to survey sardine, rockfish, squid, and krill at sea. Experience fun fish sounds and short videos of life at the under sea.

This package includes your own personal marine biologist and fisheries scientist, Grant parents, David **Demer** and Sue **Lowry** to guide you through the aquarium and fisheries lab, a picnic lunch, aquarium admission, and hand-made cards with an undersea theme from Ms. Wollitz’s students.

The tour will accommodate a total of 4 people.
